EXHIBIT A

Statement of Policy in Treatment of Customer Proprietary Network Information

- (1) It is NOSVA Limited Partnership's ("NOSVA") policy not to use CPNI for any activity other than permitted by law. Any disclosure of CPNI to other parties (such as an affiliates, vendors, and agents) occurs only if it is necessary to conduct a legitimate business activity related to the services already provided by the Company to the customer. If the Company is not required by law to disclose the CPNI or if the intended use does not fall within one of the carve outs, the Company will first obtain the customer's consent prior to using CPNI.
- (3) NOSVA follows industry-standard practices to prevent unauthorized access to CPNI by a person other than the subscriber or NOSVA. However, NOSVA cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose personally identifiable information.
- (3) All employees will be trained as to when they are, and are not, authorized to use CPNI upon employment with the Company and annually thereafter
- (4) If we disclose or allow access to Customers' individually identifiable CPNI to our joint venturers or independent contractors, we will require, in order to safeguard that information, their entry into confidentiality agreements that ensure compliance with this Statement.
- (5) NOSVA will require express written authorization from the customer prior to dispensing CPNI to new carriers, except as otherwise required by law.
- (6) NOSVA does not market or otherwise sell CPNI information to any third party.
- (7) NOSVA will comply with 47 C.F.R. §64.2007 regarding opt-in approvals for use of CPNI for the marketing of communications-related services, and with 47 C.F.R. §64.2008 regarding notification to customers of NOSVA's use of CPNI.
- (8) NOSVA maintains a record of our own and our affiliates' sales and marketing campaigns that use our customers' CPNI. The record will include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign. We will retain these records for at least one year.
- (9) NOSVA has a supervisory review process regarding compliance with the CPNI rules for outbound marketing situations and we will maintain compliance records for at least one year. Specifically, our sales personnel will obtain express approval of any proposed outbound marketing request for customer approval of the use of CPNI by General Counsel of the Company.
- (10) NOSVA is prepared to provide written notice within five business days to the FCC of any instance where the opt-out mechanisms do not work properly to such a degree that consumers' inability to opt-out is more than an anomaly.
